WE JUST DO WHAT WE DO BEST

Yogesh Pratap Singh and Promila Singh

In 1984, Mr. Y P Singh founded Cargocare AG, based in Glattbrugg - Zurich, Switzerland. Later, he sold his shares in order to take up a new challenge whereby a neutral service product could be offered which led to the birth of CFL.

CFL launched its NVOCC operations in Switzerland in 1992. It's Indian headquarters commenced operations in 1993, followed by the opening of a branch office in Sri Lanka the same year, offering less-than-container load (LCL) shipments to Switzerland, Far East, Europe, Mediterranean, USA, Canada, Australia, New Zealand, Arabian Gulf and South East Asia from the Indian Sub-Continent. Currently serving the needs of it's customers, are business operations in New Delhi, Mumbai, Bangalore, Chennai, Tirupur & Tuticorin.

The CFL Headquarters is run by Managing Director, Mr. Yogesh Pratap Singh, assisted by his wife Mrs. Promila Singh who is incharge of the central administration, communications as well as finance and controlling, whilst he looks after customers and network partners in Switzerland, U.S.A., India & Sri Lanka.
